

**The Mid-Atlantic Division
of the
Metal Building Contractors and Erectors Association presents
Quality and Craftsmanship DVD Training
to become a Certified Erector**

February 21 and 22, 2012 from 8 am to 2 pm each day
Gander Room, 102 W. Fourth Street, 2nd Floor, Bethlehem PA 18015
Cost per member: \$35 for the two-day session training and testing
Limited seats available.
Complete and return the attached registration form.

Each of the following DVD Modules will be presented along with real world experiences shared by members of the Board who are qualified erectors, builders and suppliers of pre-engineered metal buildings. Each participant will take the respective online test, earning them a training certification. The purchase price of this Series is \$999.00 and the total cost of the 11 tests is \$55.00. As you can see, this is an incredible deal being subsidized by the Mid-Atlantic Chapter for the benefit of you, the members.

Internal Gutters and Transitions

The MBCEA formed the Metal Buildings Institute (MBI) in 2001 to be exclusively responsible for contractor and erector education and training programs. MBCEA works closely with the [Metal Buildings Institute](#) to promote advancement of the educational opportunities in our industry. Click on the link below to view the demo of the Quality and Craftsmanship DVD Training Series. This DVD training series has a testing component for testing the trainee, thus giving them a training certification. This is very important for safety and to meet regulations. The online testing website is: www.MBIDVD.org.
