September 30, 2014

Dear Fellow Members and Guests,

First, I hope everyone is doing well. The MBCEA is off to a great start this year. As mentioned in the "Save the Date" we have a different format this year for our Fall Event.

The meeting will be held at the Lonnie Poole Golf Course located at 1509 Main Campus Drive Raleigh, NC 27606. This golf course was selected by one of our members, and from the information provided this course appears to be a unique and challenging experience. The date will be Thursday October 23, 2014. Come join us to network with erectors, contractors, and manufacturers in our industry of Pre-Engineered Metal Buildings.

The day begins with an organized session prior to the start of golf to allow individuals that associate with the Pre-Engineered industry to introduce their companies and firms. This session is an open forum and networking is the main issue and topic. Golf will follow the morning session and end that afternoon with a social, presenting awards and other business. This should be a great day to meet others within our industry, and the opportunity to better yourself is yours, with open discussion and networking. Come ready to enjoy the experience and meet others!

The MBCEA Carolinas Chapter is always looking for new members and guests. Our organization has grown each year and this year should not be an exception. So if there are companies and individuals you feel would benefit from this organization please reach out to them. Membership is always an option, and a requirement to sustain our position in the industry. More details and membership specials will be explained during our sessions. Please contact myself or Meredith Miller if there are questions or concerns.

I encourage each of you to participate in all three events this day. However I understand each has obligations and the meeting has been broken up to allow each the opportunity to participate as desired. We have a set tee time booked so let us know as soon as possible if you will be participating in the golf outing.

#### **Schedule**

9:00-10:45 Networking Session Members and Guests  
11:00-5:00 Golf  
5:00-7:00 Heavy Hors d'oeuvres / Awards, and Networking

I look forward to seeing each of you in Raleigh at the fall meeting and continuing to develop and build strong relationships within the industry of which we are all an integral part of.

Regards,  
*Martin Harper*
